HTI Plastics Hires Jason Crandall as Assembly Production Manager

Lincoln, NE – HTI Plastics is pleased to announce the hiring of Jason Crandall, who recently joined our company as the Assembly Production Manager. Jason brings with him a wealth of knowledge in the area of production. With over 10 years of experience, Jason is ready to hit the ground running.

“We are excited to bring on Jason as a member of the HTI Plastics team,” said Tee Welton, Director of Operations at HTI Plastics. “Jason has an impressive background and a great deal of knowledge. We look forward to having him guide our assembly teams and help us drive Lean in our factory.”

Prior to joining HTI, Jason worked at Nestle Purina as the Production Supervisor and Assistant Production Manager. Previously to that, he worked for Pfizer Animal Health for 7 years as an Aseptic Technician and Production Controller. He received his Bachelor’s degree in Veterinary Science with a Bio-Medical option from the University of Nebraska at Lincoln. He also received a Post- Bachelors Certificate in Cytotechnology from the University of Nebraska Medical Center.

ABOUT HTI PLASTICS

Since 1985, HTI Plastics has provided high-quality injection-molded plastic parts to customers in the U.S. and overseas, with a strong focus on both responsive expertise and exceptional value. HTI’s knowledgeable team is dedicated to working in partnership with customers to provide innovative solutions and timely deliveries in an atmosphere of continuous improvement. For more information, visit htiplastic.com.

PCE Inc., a privately held corporation founded in 1993, has three divisions with manufacturing capabilities in blow-molding, injection molding and profile extrusion. HTI Plastics and Lincoln Plastics are located in Lincoln, NE, while Apex Plastics is located in Brookfield, MO. PCE, Inc. serves customers across the global and offers solutions for every size of company. www.pce.us.com
